CLICK is a collection of outdoor furniture consisting of Dining chairs, Sunbeds, Rocking chair, Lounge chair, Position chair and a Footrest. CLICK is made in intelligent designed plastic lamellas combined with powder coated metal and wooden parts in sustainable bamboo. The components of the lamella are carefully composed to give the lamellas exactly the right strength and resilience.

THE CLICK CONCEPT provides you excellent cushion free comfort, and the flexibility to change colors as you like. The lamellas come in 12 different colors and can be clicked on and off to change the look of the chair simply by changing – or mixing the different lamella colors.

DESIGN The CLICK collection is designed by the Danish designer Henrik Pedersen. In the design process there is put a lot of effort in shaping the chairs to make the lamellas follow the structure of the spine. This work has resulted in the best seating.

CLICK DINING CHAIR TALL

Like CLICK dining chair but the backrest is made taller to support your back at a higher point. Maybe even more convenient than the standard Click dining chair

CLICK POSITION CHAIR

With adjustable backrest is made for all of us who just want to sit comfortably. CLICK position chair has 7 positions. The first is more upright than the dining chair, giving you extra support while dining. After a nice meal you just lean back and relax...

CLICK LOUNGE CHAIR

Is an extension of the rocking chair. The comfort is the same - so for those that are not “about to Rock” – choose the Lounge chair.

CLICK ROCKING CHAIR

Most people like to sit in a rocking chair. Adults and children. The body will rest in the dynamic rocking movements - this rocking chair equals nice comfort at all levels. Made for both indoor and outdoor.

91

CLICK FOOTREST

Is designed to complete the shape of the chair it complements. The angle makes it the perfect footrest. Use it together with CLICK dining chair, CLICK position chair, CLICK Lounge chair or CLICK rocking chair for even better relaxation.

78

CLICK SUNROCKER

Is a small design experiment that succeeded! You use yourself, your body, as counterpoint and your weight shift determines whether you are in a sitting or a lying position. Do not touch anything, tear or pull. Just lean forward or back. Sit, lie. That simple.

71

CLICK SUNLOUNGER

The adjustable backrest, is shaped to fit your body perfect in its different positions. The curves make the Sunlounger very sculptural. Sit down, find your position and enjoy.

BAR STOOL

The newest member of the CLICK family – complete your garden furnishing with a bar setting. CLICK bar stool looks good around the bar table – choose it in a calm color or mix the colors for a fresh look. CLICK bar stools match perfectly with HOUE FOUR bar tables.

BAMBOO CARE

The bamboo parts on CLICK furniture are treated with a special impregnation from the factory, which is drawn into the bamboo. To keep the bamboo nice, it is necessary to treat it on a regular base with oil suitable for bamboo. We recommend you, to oil the bamboo parts before taking the product into use and again after approx. 4 weeks. Then as needed (3-4 times a year depending on weather conditions)

Outside the season, store in a dry ventilated room. Do not cover the bamboo, as bamboo is a natural material that needs air to avoid that fungi and mold will spread into the material.

HOUE STANDARDS

To us it is very important that the comfortability in our furniture is the best possible. Therefore, we always put a lot of effort in our product development processes striving to meet the highest standard of comfort and craftsmanship.

Our products are produced only on well-established factories with whom we have worked very close for several years. Our products are not random mass production – every little component in our furniture is thoroughly chosen or invented to cover the exact need, and every joint or curve is well thought through by our highly skilled product developers to assure we always get the right and expected quality in our products.
